AMENDED HEARING ORDER

In Matter M11009, the Nova Scotia Utility and Review Board outlined conditions to be met to end the holdback mechanism originally ordered in 2022 to account for the continuing delivery delays receiving Muskrat Falls energy over the Maritime Link. In this proceeding, NSP Maritime Link Inc. (NSPML) submits that these conditions were met by the end of April 2024 and seeks an order from the Nova Scotia Energy Board vacating the holdback as of that date and releasing all holdback funds accumulated from that date (approximately \$15.4 million in holdback and \$1.1 million in financing costs at NS Power's weighted average cost of capital at the end of December 2025).

The Board directs that this proceeding be conducted by way of a paper hearing but reserves the right to convert it to an oral hearing upon request by any party in this proceeding or if the Board determines that the circumstances warrant an oral hearing.

The Board orders that:

1. The following timetable will apply to this proceeding:

Notices of Intervention	Thursday, March 5, 2026
Information Requests (IRs) to NSPML	Thursday, March 19, 2026
